HOSPITAL FALLS SHORT OF EXPENSES

The Sum of $10,000 Needed For Contingencies

ALL ARE ASKED TO AID

Some Urgent Work Now Necessary at Hospital—Names of Donors to Fund to be Published Daily

At a meeting of the Board of Trustees of the Alexandria Hospital held on Thursday, November 11th, a financial statement of the affairs of the hospital was read for information. This statement disclosed that the income work done at the hospital did not take care of all of the expenses, while the fixed charges were taken care of out of the receipts, it was shown that the revenue did not meet the certain expenses of maintenance, which come at unexpected times. This demonstrated to the board that it was absolutely essential that the hospital have some fund available to meet contingences.

At a meeting with the medical staff it was shown that the hospital does not have the rating which it should have when the size and investment is considered because of the financial inability of the management to purchase an X-Ray machine and to equip the laboratory. In addition to these things an inspection by the trustees developed that it was necessary to paint the interior of the hospital. All these things make it essential to at once raise a fund of $10,000.00 to meet the immediate demands as stated above.

There appears in this paper today the object of the work to be done by the board of trustees. It is the purpose of the committee to publish a financial statement of its work. This statement remaining in type and published daily until the total amount of $10,000.00 has been subscribed. Subscriptions are to be in cash or note, if by note to mature not later than six months from date.

It is hardly necessary to state to the public the efficient work that is being done by the new hospital and the necessity for every citizen helping to properly support this important institution and its work.

Baby Show

Will be Stagel November 23 at Y. P. I. For X-Ray For Hospital

Alexandria not to be out done by her sister city Washington is going to stage a baby show at Young Peoples' Building, November 23. There is no city in the Old Dominion has prettier babies than Alexandria, and now we are going to prove it.

With such an up to date hospital as we have here a complete X-ray equipment is absolutely essential, and to this end the auxiliary of the hospital is bending every effort.

All babies up to three years are eligible for entry. Prizes will be given for the best developed baby under one year.

For the best developed between one and two.

For the best developed between two and three, also prizes will be given for the prettiest girl, the handsomest boy and the fattest baby.

The judges will be Dr. Llewellyn Powell and Dr. O. A. Ryder both of whom have made special study of children and Mrs. Harold Mowat who is in doing infant welfare work in Washington and comes in contact with hundreds of babies daily.

It is interesting to note that at a baby show once held in Alexandria (we won't say how many years ago) Dr. Powell took the prize for being the handsomest baby.

Ask Delay

Business Men Say December Payment Will Mean Ruin.

Washington, Nov. 15.—From officials of the Treasury Department it is learned that representations have been made by many of the large business concerns of the country that if they are forced to pay the final instalment of income and profits taxes December 15, they will undergo serious financial difficulties.

So unfortunate is the situation, as represented to the Treasury Department, that it is claimed bankruptcy or near bankruptcy will result in some instances. Business men, it is said, have even had tears in their eyes while pleading with department officials for some extension.

Depreciation in stocks, lack of orders, high production costs and the inability to borrow money from banks are among the reasons advanced by business men for their present predicament.

The textile industries are said particularly to be hard hit, but the situation is acute also in the silk, leather and other industries. Both manufacturers and wholesalers are involved, and some of them allege that if the December tax installment is demanded in full industry will be cramped as it has not been in years.

The fact that the "bottom has dropped out" of various markets is one of the chief contributing causes in the present situation. When Congress passed the War Revenue law it provided for certain depreciation in stocks and slump in business, but this provision expired by limitation last January. It was anticipated if the slump came at all it would come sooner after the war.

These taxes, the final installment of which is due only a month hence cover the exceptional business year of 1919. It is represented, however, that much of the profit of 1919 has been wiped out by the bad business of the latter part of 1920. Manufacturing establishments, wholesalers and even retailers are declared to have immense stocks that cannot be sold. If they can be sold, it is at prices that represent a loss under cost of production, interest paid on borrowed capital and so on.

In this extremity the business world has appealed to the Internal Revenue Bureau to grant an extension in the payment of the December 15 instalment. The Treasury Department says there is no authority in law for such an extension; indeed, a penalty is to be added if the taxes are not paid when due.

The Treasury itself, on the other hand, is in need of money. It has more than $60,000,000 of certificates of indebtedness, with accrued interest, due next month, and these certificates must be called in. Nonpayment of business taxes would leave the Treasury in a slump.

ARMY CHAPLAIN SPEAKS AT Y MEETING

C. C. Carlin Introduces Speaker and Makes Address

Chaplain McCoy Makes Hit With Audience in His Masterly Address—Citizen's Band Gives Music

"Study the field, become master gunners, and don't get far from the base of supplies," sums up in a word the masterful address by Chaplain McCoy at the Y. M. C. A. men's meeting at the Richmond theatre yesterday afternoon.

Chaplain McCoy was introduced by C. C. Carlin, vice-president of the Y. M. C. A., in a splendid description of the real armistice day in France. Mr. Carlin was fortunate enough to be the only civilian Alexandrian at the front on that memorable day and his recital of the German approach under the white flag was most dramatic.

The chaplain won his audience immediately by his viril approach to his splendid address and the remark was frequently heard that "he was indeed a real soldier." His plea was for the enlistment of youth in the work of the Christian church, inasmuch as the country had entrusted its greatest task—that of winning the war—to them.

He said it was necessary for the church to study its field of work as accurately as a general studies his military situation. His second point was that we should all become master gunners, seeking to become as proficient in the enlistment of all of our energies for the work of the men about us.

The climax to the great appeal was that we all keep close to the base of supplies, and his dramatic recital of several incidents of the war to illustrate his point, was a fitting close to one of the most remarkable addresses ever heard in the city.

The meeting was the second of a series of six to be held at the Richmond and was well attended by men of all faiths. The Citizen's Band opened the meeting with a well received sacred concert. Kenneth W. Ogden and Wilmer J. Waller, with Sherman B. Fowler at the piano, then sung "Watchman, What of the Night," greatly to the delight of the men. Mr. Dunn led the congregational singing and the Rev. H. H. Nicol, who is conducting the revival services at the Second Baptist Church, led in prayer.

Secretary Wallace, of the Y. M. C. A., announced that the speaker next Sunday would be William Knowles Cooper, Metropolitan Secretary of the Y. M. C. A., in Washington. Mr. Cooper has spoken in Alexandria before and is immensely popular here and a large crowd will doubtless be out to hear him.

Take Finger Prints

Police Department Supplied With Outfit by J. Herbert Taylor

The Alexandria Police Department can now take finger prints of criminals. A modern finger print outfit has been presented free of charge to the department by J. Herbert Taylor of this city, head of the finger print bureau of the navy department.

For a long time past Chief of Police Goods had been after just such a thing. He recently again recommended to the board of police commissioners the necessity for obtaining such an outfit. Mr Taylor realizing the necessity for such an adjustment donated it to the department and although it has not yet been used, Chief Goods today explained that he expects to have use for the affair and is much gratified that the department is in possession of the outfit.

ARMISTICE SUPPER

At Westminster Building Saturday Evening, by Epworth League

The second of the series of Saturday afternoon and evening socials was held in the Westminster Building this past Saturday, in charge of the Epworth League of the M. E. Church South.

The affair was a success in every particulsr. A delicious supper was served from 5.30 to 7.30 and was well patronized. The tables were most attractive with snowy linen, red candles and a flower centerpiece on each.

The different articles on the menu were arranged in an acrostic spelling "Armistice."

Members of the Epworth League acted as waitresses, all wearing white dresses and red, white and blue caps.

A program was rendered as follows:

Solo, "Freckles," Helen Myers; reading, "Raggedy Molly," Eugenia Alder; piano solo, Miss Margaret Alexander; solo, "Kissing Papa Through the Telephone," Dorothy Bolton; reading, "At the Box Office," Miss Mary Davis; vocal solo, "If You Loved me, "Returned, Mr. Stephen Field; violin solo, "Melodie," Barcarolle, Mr. C. A. Reams; vocal solo, "In the Mighty Deep," Mr. E. I Smith; reading, "Parady on Mark Anthony's Oration," Mr. Harold Clark; piano duo, 'Qui Vive," Mrs. Dexter Forbes, and Miss Nellie Pierpoint; vocal solo, "Will O'the Wisp," "The Star," Miss Schneiker, accompanists, Mrs. Forbes and Miss Pierpoint.

These Saturday afternoon and evening socials were inaugurated by the Y. M. C. A. as a means of bringing the young people of the town together, and each week the supper and program is in charge of a society from the different churches. Next Saturday it is expected the First Baptist Church will selve. The present plan is to continue them through the winter, with a two weeks vacation at Christmas.

Games were played by the young people present and each week the interest grows. The affairs are designed to train the young ones of the city, and the number of children present shows the need of a play ground, or some method of amusing the younger generation and keeping them from the streets. Also if these affairs could be arranged to serve supper the earlier part of the evening, and have dancing until about 11.30, they would doubtless prove a great drawing card to the teen age.

LEAGUE ENVOYS SEE FAILURE AHEAD

Allied and Neutral Representatives Call U. S. Vital

PLACES RESERVED

Paderewski In Fiery Speech Demands Polish Domination of Danzig—Small Nations Watching

Geneva, Nov. 15.—The council of the League of Nations at its first meeting yesterday prior to opening of the assembly here today decided to leave vacancies on the mandatory commission and the financial and economic committees so that an American delegate can be placed on each of them if the Washington Government later desires representation.

All the delegates with whom the correspondent has talked insist that unless the United States joins the League of Nations there will be no League. This view is held by the British, French, Swede, Swiss and Chinese. To mention only a few who have thus expressed themselves. The South Americans and the nations that were neutral during the war, who are the keenest supporters of the League, insist upon the necessity of having the United States in the League because it is not tied to Europe with fettering alliances. No reservations which the United States might consider necessary to insure her independence will be unacceptable to the League of Nations.

The first session of the assembly will be short and formal. An adjournment will be taken to permit the examination of the credentials of the delegates. Every seat in the hall of reformation, where the historic conference of 41 nations is to be held, has been allocated and many requests for seats are unfilled.

Paul Hymans, the Belgian, probably will be elected president of the assembly because of his ability as a parliamentarian and for other political reasons, President Motto, of Switzerland, has also been considered for the office but he has expressed unwillingness to accept.

For a few days the small nations plan to follow a watch-and-wait policy reserving action until they learn what the representatives of the powers have in mind.

The question of admitting Germany probably will not be taken up for some time. One prominent member of the Scandinavian group said today that he didn't expect the question to be considered until late in the session, when the report of the committee of membership applications is made. The French delegates have taken a positive stand and France would undoubtedly withdraw from the League if Germany should be admitted before the question of reparations is finally settled.

Otherwise under Article 10 France would be unable to seize German territory if the latter failed to fulfill her treaty obligations. Although representatives of the smaller nations that were neutral during the war, as well as Great Britain, argue that Germany has done all that has been asked of her under the treaty, the French say that she has done so only under continual compulsion.

If France should withdraw the effect would be disastrous, and consequently the greatest skill will be required in handling this question. It is said positively that no invitation will be extended by this assembly meeting to Germany to join the League. Hpalmar Branting, the Swedish Socialist, believes that the success of the League depends upon the admission of Germany, but is inclined to postpone the discussion of the subject for a week or more, or until the delegates have begun to get together.

Today was a day of special church services in Geneva, in which prayers were offered for the success of the League of Nations. The synagogue joined with the Christian churches in the ceremonies. Lord Robert Cecil and George Nicoll Barnes, of the British delegation, read parts of the service at the English church, where the British Empire delegation attended en masse.

Monday, November 15, 1920.

A committee of the board of trustees of the Alexandria Hospital started today to solicit sufficient funds, estimated at $10,000 to purchase an X-ray machine, equip the laboratory paint the interior and make available contingencies which are inevitable in the administration of an institution like the hospital.

Names of contributors will be published in this space. The published list will be held in this space until the total of $10,000 is subscribed.

R. S. JONES,
President.

Georgie W. Morse

The 9400 ton steel freighter Georgie M. Morse, built in this city by the Virginia Shipbuilding Corporation, will be launched at 2 o'clock Saturday afternoon at the company's plant. This will be the tenth ship of a similar tonnage built and launched in Alexandria by this company. It is expected that a large crowd will be on hand to witness the ceremony.

The last ship to be launched at this company's plant was the Colin H. Livingstone which glided from the ways June 26 in the presence of a large crowd. This ship is now nearing completion.

Thanksgiving Ball

Fourth Degree K. of C., Plan Big Formal Affair—Famous Orchestra to Play

The local assembly of the fourth degree K. of C., has completed plans for their ball on Thanksgiving evening at the Lyceum.

The affair will be a complimentary one, the entire expense will be borne by the Assembly.

In keeping with all the affairs of this degree the dance will be strictly formal and the admission by invitation only. In other places where the fourth degree has a large membership, their balls and entertainments have been marked by their high quality and splendor. The local assembly by the addition of so many new members initiated last July are now in a position to successfully manage these affairs.

The feature of the ball on Thanksgiving will be, that the music will be furnished by the famous Hughes' A. E. F., orchestra, who will be remembered for their excellent work for the boys in France. This orchestra toured France in the service of Uncle Sam for the entertainment of the soldiers and needs no introduction to any doughboy. The trombone players is considered second to Pryor only and the other members are equally well known for their famous work.

The orchestra was secured at considerable expense and trouble, but it was the intention of the committee in charge of music, to secure nothing but the best, and this orchestra is second to none in the country.

Refreshments will be served by the members of the Assembly.

Drops One Cent

Standard Oil Co., Announces Reduction on Tank Wagon Gasoline

In announcing a reduction in tank wagon prices of one cent a gallon for gasoline, effective Monday, Nov. 15th, the Standard Oil Company, N. J., made the following statement:

While there has been no material relief from any of the conditions which brought about the rise in the price of petroleum products, the Standard Oil Company (N. J.) believes that the process of readjustment now under way in the business world must eventually contribute to lower costs of producing and refining oil. To date there has been no lowering of labor costs nor crude oil prices, nor recession in the demand for gasoline. Reductions which have already taken place in many of the principal items entering into the cost of living have for the most part not reached the ultimate consumer, but it is inevitable that before long lower prices will be brought about by new quotations now prevailing in primary markets. The Standard Oil Company (N. J.) believes that this movement towards a restoration of what are popularly considered normal prices should be aided by the oil industry.

FIREBUG GIVEN NINE YEARS IN PEN

Preston Nash, Colored, Pleads Guilty to Offense

FIRED O. D. PLANT

Enters Plea of Guilty in Corporation Court Today—To Serve at Hard Labor on Road Force

Following a plea of guilty to setting fire to the stockroom of the plant of the Old Dominion Glass Co., which occurred November 3, Preston Nash, colored, today in the corporation court was sentenced to serve nine years in the penitentiary subject to hard labor on the state convict road force.

The maximum penalty that could have been imposed was ten years.

The fire occurred at night shortly after 8 o'clock and by 1 oclock the next morning the police had Nash in custody and the afternoon of November 4 Nash was spirited out of the city for fear that he would be a victim of mob violence.

It was while fighting this fire that Clarence W. Ale, an employe of the Old Dominion Glass Company, fell into a well early the morning of November 4 and was killed.

Nash after being taken in custody at first denied the charge made against him. Afterward, however, he admitted to the police that he set fire to the place out of spite work, he having recently been discharged from the factory and later on several occasions was ejected from the factory because of the fact that he was not employed there.

The loss sustained to the company as a result of the fire was about $25,000.

Nash is seventeen years old and came to Alexandria three years ago from Arlington County, Va.

World's Oldest Portrait Shows Last King of Ur

Philadelphia, Pa., Nov. 15.—What is believed to be the oldest portrait of a human being has been discovered in the University of Pennsylvania Museum's collection of clay tablets from Babylonia, according to an announcement last night by Dr. Leon Lagrain, curator of the Babylonian section. The portrait is on a clay "postage stamp" which also served as a seal for a registered package, dated about 2300 B. C. It is a picture of Bi-Sin, the last King of Ur, known to Bible students as Ur of the Chaldees.

HARDING AND HARD TIMES

It is one of the stock arguments of Republicans that giving them control of the Government always means prosperity, while the placing of the Democrats in power must surely spells hard times and economic disaster to the country. To be sure there is nothing in the history of the United States that gives the least support to these contentions, for it is a matter of record that all the panics of the last sixty years began under Republican administrations but the charge has been so often made that many of our friends the enemy actually believe it. It was made ad nauseam during the recent campaign, notwithstanding that the nearly eight years of the Wilson Administration have constituted an era of the greatest prosperity ever known in America.

Bearing this stock argument in mind, how do Republicans explain the fact that ever since their sweeping victory of November 2 there has been a rapidly increasing slump in business? The other day that stanch G. O. P. organ The New York Tribune carried these headlines on its first page:

Thousands in U. S. Jobless; Relief Urged—Concerted Action by Employers, Workers and Public Needed to Avert Hardships This Winter—35,000 Idle in One N. Y., City Industry—Legislation That Will Provide Labor Emergency Funds is Advocated.

If the Democrats had elected Governor Cox to the Presidency it would have been easy for Republicans to point to that as sufficient cause for any misfortune that might befall the country. By a similar process of reasoning a Republican victory should have been followed by a great boom. But it is a matter of common knowledge that ever since election day prices have been falling on the stock markets, business has been declining and failures have been increasing. And all this in face of the fact that the Republicans have not only regained the Presidency but have secured control of Congress in both branches by great majorities.

What is the explanation? Fair-minded persons might say that national prosperity is entirely regardless of party domination. We had great financial panics under Grant, Harrison and Roosevelt, Republicans, and splendid prosperity in Cleveland's first term and in Wilson's two terms. Business expressions come regardless of party. Republicans ought to know that by this time. With hard times coming under Harding, Democrats are not likely to let them forget this great economic truth.

13 tables with
13 guests at each.
13 officers were elected in
13 minutes, and there were
13 courses on the menu, with
13 varieties of souvenirs,
13 mirrors were smashed as an added attraction.

Over each table was an open umbrella.

Ladders were criss-crossed over the dining room, so that each guest was virtually under one.

The speaker of the evening was Secretary of State elect John Lyons, introduced by Ben Franklin, toastmaster, as the only man who beat Woodrow Wilson at his last election.

SPORTS

A regular meeting of the Dreadnaught A. C., will be held at eight o'clock tonight at their club rooms corner of King and Washington streets. The Dreadnaughts will hold their first basketball practice Tuesday evening from 6 to 8 o'clock at Armory Hall all men desiring to come out for the team will please be present at this practice.

The Dreadnaught football team gave the big crowd of fans who visited Baggett's field yesterday, a real treat when they defeated the fast Serbien Gunners by the score of 36 to 0. Both teams fought a real battle during the first quarter, when Coach Billy Crouch dropped back to the 30 yard line and kicked a field goal for the Big D. first three points. Alexandrians were well pleased with the showing made by Big Ed West, who played his first game in the half back position.

Two touchdowns were scored by him when he brought the crowd to their feet with five broken field runs of from 10 to 35 yards. Hasson again showed well for the Big D. with all-around good playing. Dugid, Haynes, Crouch and Hurst starred in the line. The sailors showed flashes of good play at times, but were soon overcome with the hard driving attack of the local clubsmen. Next Sunday the Camp Humphreys fliers will come here with a determination of getting revenge for their defeat last year when the Big D. won by a 7 to 6 score. Lieut. Eugene Vidal, one of the greatest athletes now in the United States, will lead the former West Point stars against the Dreadnaughts. He has just returned to the United States after representing this country in the Olympic games. When at West Point he was selected for the all-American football team by the best football critics in the country. He will please all who attend with his great sportsmanlike play.

Saturday, November 27, 1920, the Dreadnaughts will journey to Richmond to play the John Marshall A. C., in the first game for the state championship. They will need all the loyal rooters down in the capitol city on this day. Go with them and show the Richmond crowd that Alexandrians are with the local players all the time.

FOLLOWS GIRL ON TRAIN AS SHE GOES TO HIS RIVAL

Chicago, Nov. 15.—Down in Decatur, Ill., the principal theme of conversation is the odyssey of 16-year old Walter Davidson, the peregrinating seige of 17 year old Blanche Meriwether's adamantine heart and what befell thereby.

It was, of course, a variant of the world old triangle—two men and a woman. Walter borrowed $7, bought a ticket to Chicago and followed Blanche to the great city to press his suit. When he departed for home last night his suit was badly wrinkled, but he was hopeful.

Blanche was permitted by her parents to accompany a young married couple to Chicago. This camouflaged her real purpose of meeting Jon O. Daffner, a soldier at Camp Grant, but it did not fool Walter, who knew about this Daffner person. Blanche and the young married couple arrived in the chair car and Walter also arrived in the smoker.

At the station Walter appealed to Blanche to forget the soldier and return to Decatur with him. At this critical juncture Daffner appeared and proceeded to make over Walter's face. Came the police who escorted the trio to the station. They sent a telegram to Blanche's papa and he ordered her held until the sheriff of Macon county came for her. So last night the weeping Blanche started back to Decatur in charge of the sheriff, while Walter rode on the same train, but this time he did not not ride in the smoker. He still has hopes the beautiful Blanche will see the light.

BRITISH NAVAL EXPERTS CALL NEW U. S. SHIPS INFERIOR

Paris, Nov. 15.—British naval experts declare that America's newest battleships of the Tennessee type, and super-dreadnaughts of the new series which as yet have not been launched, can be effective only in half their armament. They declare that 14 or 16 inch guns in superimposed turrets cannot be fired without killing the crews of the turrets below them. They also think that several accidents already have occurred in tests of these turrets, but the naval architects, they say, have been unwilling to alter the plans, fearing serious damage to their reputations and the extra expense involved.

"The British did away with superimposed turrets during the war after extensive experiments had proved them quite useless in heavy action, even if the lower turrets were not put out of action by the concussion," declared a British naval officer high in the construction department.

"America's newest battleships, while mounting heavier guns than the latest Japanese models, are inferior to them in fighting power because of this grave error in technical construction."

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

WILSON ISSUES REPRIEVE TO SOLDIER

Washington, ov. 15.—President Wilson today disapproved the sentence of death recommended by a military court-martial for Sergt. Antonio Tuminia, alias Anthony F. Tamme, Sixty-first Company, One Hundred and Sixty-fifth Depot Brigade at Camp Travis, on charges of being a spy and other violations of the articles of war. No explanation is given by the President for disapproving the sentence.

The charges against Tumin a, or Tamme, were that he fraudulently enlisted in the army at Houston, Texas, September 8, 1917, and that he did, "in time of war, act as spy" and that he collected "material information regarding equipment, resources, plans for gas and other operation of the military forces of the United States, with intent to impart the information so secured to the enemy." He also was charged with desertion, breaking arrest and other offenses.

The court, of which Major DuPont B. Lyon was president, found the soldier guilty and sentenced him "to be dishonorably discharged from the service, to forfeit all pay and allowance due or to become due and to be shot to death with musketry." The evidence was approved by Major-Gen. John Biddle.

YOUNG PERRYGO FOUND GUILTY

Washington, D. C., Nov. 15.—A verdict of first degree murder against Edgar Randolph Perrygo, 18 year old slayer of Mrs. Mary Emily Faithful, was returned yesterday by a jury in Criminal Division 1, District Supreme Court, Justice Ashley M. Gould presiding. An hour and forty minutes was required by the twelve men in making their decision, which was announced shortly after 2 o'clock. Perrygo's face flushed slightly when he heard the verdict.

The convicted youth for the first time during the trial, was unaccompanied by his parents when the verdict was rendered. He was hurried into the courtroom escorted by two marshalls and maintained his stoic attitude when Foreman Joseph A. Fisher announced the jury's decision.

GIRLS ARE THRESHED FOR DISRESPECT TO WAR DEAD

London, Nov. 15.—The girl employes in the offices of Sylvia Pankhurst's Communistic paper, The Workers' Dreadnaught, in Fleet Street, were threshed and the offices upset just after 11 o'clock today by an angry crowd.

The leaders of the party which raided the offices alleged that during the two minutes of solemn silence in honor of the fallen dead, as provided for in the Armistice Day program, some of the women in the office were "singing, dancing and banging tin cans."

LOOKS FIFTEEN YEARS YOUNGER

Her Relatives Gave Up Hope of Mrs. Taylor's Recovery—Tanlac Proves Merit

"A few weeks ago my friends and relatives didn't expect me to live much longer but now they are all telling me that I look fifteen years younger," said Mrs. Minnie G. Taylor, 310 21st street, Huntington, W. Va.

"During the past year I was so bad off I spent much of my time in bed and when I did manage to be up it was an effort for me to get around at all. My digestion was so extremely poor that I was almost afraid to touch a bite and when I did eat anything it was through force. I suffered untold agonies after eating and I felt so nauseated I could hardly breathe. Nervous spells often came on me and I lost so much sleep I was on the verge of a complete breakdown. I tried so many medicines without getting relief, that I almost gave up hope.

"Finally one of my friends who had been taking Tanlac advised me to try it and Tanlac has built me up from a nervous wreck to a well and happy woman. My appetite is just fine and I can digest anything I eat without the slightest trouble at all. My nerves are just as steady as can be and I am sleeping soundly every night. I have new life and strength and I will never be able to pay the debt of gratitude I owe Tanlac for it has been one of the greatest blessings of my life."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

ACTRESSES FOUND DEAD

Husbands Identify Cut and Bruised Bodies of Two Women in Chicago

Chicago, Nov. 15.—The bodies of Marie McCarthy and Lillian Meeks, actresses, were found early today on the shores of Loke Michigan in Grant Park. The authorities believe they had been killed and their bodies hauled to the lonely spot in an automobile.

Identification was made last night by Robert McCarthy, stage manager for Jane Cowl's "Smilin' Through" company, now playing in Chicago. He was the husband of Marie McCarthy. James Meeks, electrical expert with the "Smilin' Through" company, also identified the women. He is the husband of Lillian Meeks.

First news of the tragedy came in an anonymous telephone call to police headquarters at 9.30 this morning.

"There are two women dead in Grant Park," said a man's voice. The speaker refused to identify himself. Later the police learned the call came from an insurance office.

At the Geneva Apartment Hotel, where the two women were stopping it was said they went out together at 9 o'clock last night. Peter Citti, importer of wines and olive oil, identified the women as having been at his place at 10 o'clock last night. He said they each had a drink of wine apiece.

"There were no other men in my place at the time," he said, 'and I saw no one follow them out. They were laughing and chatting."

No trace of the women from then until their bodies were discovered twelve hours later has been found.

There were automobile trucks near the bodies. The hands and faces of both women were cut and bruised, but physicians said they were unable to determine the cause of death.

SIX CHILDREN DIE IN PANIC IN MOVIE

New York, Nov. 15.—A paper-clogged furnace flue, which caused smoke to fill the Catharine Theater, motion picture house in the East Side Italian quarter, raised a cry of "fire" late yesterday, and in the ensuing panic, six tots, between the ages of 2 and 10 years, were trampled to death. Twelve others were seriously injured.

The little theater was crowded to capacity. Children filled most of the 300 seats, for the hero of the picture was an Italian lad, who rose from humble surroundings like theirs to riches and fame. The youngsters were absorbed in the progress of the screen hero, Pietro, who was protecting his father from thieves, when smoke began to seep through the cracks of the theater.

LEAGUE ENVOYS SEE FAILURE AHEAD

(Continued from Page One)

oberburgesmeister of Danzig, speaking in German before the League of Nations Council declared on behalf of the inhabitants of his city that Poland's demands for military control of their port was intolerable. Paderewski, in a fiery speech to the Council, gave the members to understand that Poland would not be satisfied with anything less than domination of Danzig by Polish armed forces.

The council members had thought that a 9-year lease on the harbor facilities of Danzig, similar to that granted the Czecho-Slovaks at Hamburg, would settle the question of Danzig to the satisfaction of Poland. The Poles, however, are now demanding guarantees against interference in passage of military supplies through Danzig.

They want to keep the port open for military equipment in case a new anti-Bolshevik campaign is decided on next season.

Herr Saim, as the official representative of the people of Danzig, hotly opposed Paderewski. During the war, when the Germans were occupying Warsaw, Saim was the administrator in that city and earned Polish hatred by his ruthless administration of affairs. He owes his position on the war criminals list to his behavior on that occasion.

RICHMOND THEATRE

Novelty is the keynote of Maurice Tourner's neweset photoplay, "Woman," which will be seen tonight at the Richmond Theatre.

The film is unlike any other production which has ever been unfolded on the silver sheet. Its title will convey to every one a fair idea of its theme, but it could not even suggest the unique development accorded the subejct by Charles Whittaker's scenario and Maurice Tourneur's direction.

G. O. P. PLANS NO RADICAL RESERVE ACT CHANGES

Washington, Nov. 15.—Assurance that the Republicans have no intention of making radical amendments to the Federal Reserve act is given by Representative McFadden, of Pennsylvania, chsirman of the House Committee on Banking and Currency, in a statement outlining the program of the committee for the coming session.

Mr. Fadden said that the value of the Federal Reserve system is recognized and that only such amendments as will clarify and make it more workable will be considered. Such critism as has been made, he pointed out, largely related to the administration of the law.

Among proposed amendments which may be considered, he said, is one which will settle the controversy over the par collection of checks, the repeal of some of the rediscount privileges that were given to the system based on Government securities as war emergency and an increase in the number of members of the Federal Reserve Board.

Mr. McFadden also indicated that the question of removal of "autocratic powers" exercised by the Comptroller of the Currency and the possible abolition of the office of Comptroller would be considered. Mr. McFadden, who a year ago engaged in a controversy with the Comptroller of the Currency, John Skelton Williams, referred to the fact that the regulation of interest rates is threatened by the present Comptroller.

The question of rural credits was referred to by Mr. McFadden as one which is likely to receive consideration. The joint committee of the House and Senate on rural credits authorized by the last Agricultural Appropriation bill never has organized and probably will be unable to do much in the short time remaining before the close of the present Congress.

"Since the last session of Congress closed the Federal Reserve system has come in for its share of criticism and the system itself is undergoing its first real test since the enactment," said Mr. McFadden.

"The manner in which it survives this test during the next few months will determine largely what amendments or changes may become necessary. Suffice it to say at this time that the whole general scheme of the act is built along splendid lines."

Carpentier Pays High Tribute to Jack Dempsey

NEW YORK TRUCKMEN VOTE DOWN STRIKE

New York, Nov. 15.—Teamsters and truckmen unions yesterday rejected the resolution calling for a strike, by an overwhelming vote.

This ends for all the time the possibility of a tie-up of shipping which was threatened by the strike talk of the past few weeks.

"The voting took place in two separate unions. The resolution lost overwhelmingly in both places."

GIANT WHISKY THEFT FOILED

Newark, N. J., Nov. 14.—An attempt to steal $25,000 worth of whisky was partly frustrated early yesterday by police and detectives of the Central Railroad of New Jersey. It involved the kidnapping of a railroad policeman, the use of about six trucks, and probably twenty-five members of whisky rings. Two of the trucks were found early yesterday.

The thieves broke open three sealed freight cars, containing more than $25,000 in whisky and alcohol.

At half past two this morning an automobile containing five men stopped and one of the men asked Policeman James Gregory the route to Atlantic City. While engaging the officer in conversation, the other four men held him up at pistol points.

They ordered him into the car and sped off. At 8 a. m., the machine stopped and the officer was dumped out.

The policeman found himself in Singac, and telephoned the Jersey Central police.

Meantime, an engineer on an engine was backing through the South Broad street yards, when he noticed four or five men engaged in loading a partly filled truck. The workers asked the engineer if he wished to have some whisky, and placed a case on the engine. This aroused the engineer's suspicion and he rode on to Elizabeth where he notified the police.

Six detectives and reserves were sent to the yards and discovered the men at work. The thieves made their getaway after a pistol battle.

FOURTEEN POUNDS OF BLOOD

Every Healthy Adult Should Have a Definite Quantity of Rich, Red Blood Coursing Through Their Veins

Pepto-Mangan Makes Red Blood

Builds up Men and Women Who Lack Energy

A healthy, full-grown person has in the neighborhood of fourteen pounds of blood in his or body. The weight of the blood varies with different people, but it should not vary with the individual.

For instance, if the normal weight of your blood is twenty pounds, and it falls off a pound in weight, it is one of the most precious pounds in the world and should be immediately regained.

To turn weak, watery blood into live, red, health-building blood, take Gude's Pepto-Mangan.

Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheek, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Adv.

PRESIDENT WOULD DELIVER LAST MESSAGE IN PERSON

Washington, Nov. 15.—President Wilson has expressed a desire to those immediately about him that he would like to address his last message to Congress in person.

While Dr. Grayson has intimated that the President's condition was such as to permit of this, it is known that he would rather the President would not do so. If the President delivers his message in person, he would have to do so from his wheel chair, and such are the rostrum facilities, that this would make it difficult for him to make himself heard at a joint session.

Berger, under a 20 year sentence for violation of the espionage act, will be heard the week of December 6 before the United States Supreme Court, according to word received here yesterday by Seymour Stedman, recent Socialist candidate for vice president. Going home to turkey and trimmin's

THANKSGIVING DAY last year.
I ATE my chow.
ALONE in the big town.
AND THE TURKEY was all.
NEATLY VARNISHED and had.
NICE LITTLE paper pants.
ON BOTH its legs.
AND TASTED strongly.
LIKE NOTHING at all,
BUT THIS year.
MAN ALIVE, I'm going home.
AND THERE will be.
A COUNTRY turkey,
DONE TO a turn.
BROWN AND savory.
CRISP AND flaky.
SENDING UP little clouds.
OF TANTALIZING steam.
MAKING NOSTRILS wrinkle.
AND PALATES quiver.
OH BOY, real turkey.
AND THEN afterwards.
ABLE TO breathe.
BUT NOT to bend.
I'LL REACH for a smoke.
THAT'S THE real turkey, too.
COSTLY AROMATIC Turkish.
BLENDED WITH the best.
OF MELLOW Domestic leaf.
AND ONCE again—oh boy.
CAN'T YOU just hear me.
INFORMING THE world.
"THEY SATISFY."

Washington, D. C., Nov. 15.—Dr. Morton G. Douglas, prominent physician of Warrenton, Va., dropped dead in St. James Episcopal Church at that place yesterday, following the rendition by him of a solo part in the singing of the Te Deum by the choir. Mrs. Douglas, who was visiting for the day at the home of Mrs. Howell C. Peoples here, was advised of her husband's death immediately, and left for Warrenton by automobile.

Dr. Douglas did not usually sing the solo part, and was substituting for another. He had had high blood pressure for some time, and it is thought that the excitement of singing caused his death. He was originally from Zanesville, Ohio, but had practiced medicine in Warrenton for more than 30 years. He was a member of the city council, the library board and the church vestry.

Dr. Douglas is survived by his widow, his father, James F. Douglas of Catlett, Va., and a sister, Mrs. Chester Coates, of New York. The funeral probably will be held tomorrow.
